

NAVEEN KUMAR M

AI Product Manager | LLM Products | Data-Driven PM | SaaS

✉ naveen008484@gmail.com 📞 7200420056 🔗 linkedin.com/in/naveen2888051 📍 Bengaluru

SUMMARY

AI Product Manager with 3+ years building data-driven SaaS platforms and LLM-powered products. At Tracxn, Spearheaded development of LLM evaluation frameworks, RAG pipelines, and AI data automation engines used by 2,000+ users. Increased insight generation speed by 30% while reducing hallucination escalations by 43%. Skilled in product discovery, experimentation, and cross-functional execution across engineering, data, and design teams

EXPERIENCE

- Program Manager – Product & AI Initiatives**, Tracxn TechnologiesNov 2025 – Present | Bengaluru
 - Led roadmap for AI product initiatives, delivering four LLM-driven features improving insight generation 30% across 2,000+ users.
 - Designed multi-LLM evaluation dashboard, reducing hallucination escalations 43% and improving model reliability across engineering teams.
 - Implemented automated intelligence pipelines replacing manual research workflows and expanding global data coverage.
 - Established <5% hallucination benchmark enabling 25% faster AI feature releases.
 - Optimized RAG system performance through feedback-driven prompt refinement and retrieval improvements.
- Assistant Product Manager**, Girnar Newtel Solutions Pvt LtdApr 2023 – Oct 2025 | Bengaluru
 - Delivered three SaaS initiatives used by 5,000+ customers, achieving 85% feature adoption within 30 days.
 - Improved customer satisfaction by 20 NPS points while reducing churn 25% via funnel analysis and workflow redesign.
 - Accelerated time-to-value 30% through structured experimentation including 12+ A/B tests.
 - Authored 20+ PRDs and BRDs, aligning engineering, design, and business teams for efficient delivery.

FEATURED PROJECTS

- AI Data Automation Engines – Tracxn**
 - Launched three production automation engines eliminating manual data collection and enabling 30% faster insights for 2,000+ users.
 - Developed social-media intelligence aggregation to enhance global company coverage accuracy.
 - Delivered government-registry data pipelines in under one month, expanding regulated market intelligence.
- Wildcraft - Wiser Connect App**
 - Directed enterprise MVP rollout two weeks ahead of schedule achieving 85% adoption among 1,000 stakeholders.
- Shyam Metalics - Sauda Management**
 - Defined B2B mobile workflow reducing manual effort 30% and increasing onboarding completion 20% for 500+ users.

SKILLS

- Product Management** — Product Strategy | Roadmapping | Product Discovery | Prioritization | PRDs | Go-to-Market | Stakeholder Management | Agile
- AI & Data Products** — LLM Applications | RAG Systems | Prompt Engineering | Model Evaluation | Hallucination Mitigation | Experimentation | Human-in-the-Loop Systems
- Analytics & Tools** — Product Metrics | Funnel Analysis | A/B Testing | SQL (Working Knowledge) | Power BI | Google Analytics | APIs

EDUCATION

- MBA in Logistics and Supply Chain Management | CGPA: 8.01**, Presidency UniversitySep 2021 – Mar 2023 | Bengaluru
- B.E. in Mechanical Engineering | CGPA: 7.96**, Sri Krishna College of TechnologyAug 2017 – Apr 2021 | Coimbatore
